

LIST OF FIGURES AND TABLES

Figures

6.1	The population in the Northern District in the year 2000 in settlements with more than 1,000 inhabitants	92
6.2	Means of the number of cases filed in 2000 and 2001 according to the division between Arabs and Jews	92
6.3	Average ratio of criminal files opened according to the size and ethnic origin of the settlement	93
6.4	Number of cleared files in Arab and Jewish settlements in the year 2000	94
6.5	Number of property felony files opened in Arab and Jewish settlements in the year 2000	95
6.6	Number of violence against the human body files opened in Arab and Jewish settlements in the year 2000	97
6.7	Number of drug files in Arab and Jewish settlements in the year 2000	98
6.8	Representation of Jews and non-Jews in the Israeli police and border control	112
6.9	Arabs serving in the state police	113
6.10	Arabs serving in the border police	113
6.11	Representation of women in percentages in the Israel Police from 1948 to 2003	114
6.12	Representation of non-Jews in percentages in the Israel Police and Border Patrol from 1948 to 2003	114
8.1	The opening page of the cultural lexicon	148
8.2	The culturally communal Israeli apartment building	149
8.3	Cultural variables of the Druze culture	150
8.4	Subvariable “Kitchen” in the Druze culture	150

8.5	Subvariable “House” in the Druze culture	151
8.6	The information portrayed under the keyword “Hospitality”	152
9.1	Means of men’s and women’s figure ratings	165
11.1	Revised bidimensional model of immigrant acculturation strategies	199
11.2	Bidimensional model of host community acculturation strategies	199
11.3	Acculturation orientations of the three groups	201
12.1	Narrative construction of the narrating I	211
14.1	Model of “intercultural competence”	241

Tables

4.1	Required units in the senior high school history curriculum for Jewish and Arab schools (the 1990s curricula)	65
4.2	The 1948 Israel–Arab war in Arabic and Hebrew textbooks in Israeli schools	70
6.1	Public attitudes on issues associated with the police. Means of statements (standard deviation) and analysis of variance	101
6.2	Average degree of trust in law enforcement institutions (standard deviation) and variance analysis (ANOVA) according to ethnicity	103
6.3	Preferences in filing a complaint according to ethnic group (distribution in percentages)	105
6.4	Average of degree of concern regarding crimes and willingness to file complaints with the police (standard deviation) and variance analysis according to ethnic groups	106
6.5	Turning to help after suffering harm from a violent crime (distribution in percentages)	107
6.6	Distribution of police in the Northern District for the year 2003	108
6.7	Distribution of police quotas in the Coastal Sub-district	109
6.8	Distributions of police quotas in the Galilee Sub-district	110
6.9	Distribution of police quotas in the Valleys Sub-district	110
7.1	Correlation matrix – research variables	128
7.2	Differences in xenophobic attitudes by the research groups	129

7.3	Regression equations coefficients predicting threat perception and xenophobic attitudes to the three minority groups	131
9.1	Age, height, weight, and BMI for Jewish and Arab women and men	164
9.2	Means and standard deviations of participants' figure ratings for Jewish and Arab women and men	164
9.3	Number and percentages of the differences between current figure and ideal figure, by sex	166
9.4	Attempts to change weight in the previous year, by gender and ethnic origin	166
11.1	Mean and standard deviation of the acculturation strategies for the three groups	201
12.1	Coding matrix	215
13.1	Frequency of different kinds of initiation	230
13.2	Frequency of direct and indirect correction	230
13.3	Frequency of verbal and nonverbal reactions	230
13.4	Frequency of interruption	230
13.5	Frequency of different kinds of directions	231
13.6	Contingency analysis of interruption and kind of initiation	232
13.7	Relationship between kinds of reactions and initiations	232
13.8	Relationship between kind of initiation and kind of correction	232
13.9	Relationship between kind of content and kind of interruption	232
14.1	Comparative figures on the German consulting market in 2001	245
