Several papers from this volume were first presented at the 5th International Research and Advisory Panel (IRAP) Conference on Forced Migration, organised by the International Association for the Study of Forced Migration at Moi University, Eldoret, 9–12 April 1996, whilst others were specially commissioned for this volume. The IRAP meeting was generously supported by the United Nations High Commissioner for Refugees (UNHCR), and the governments of Sweden, the Netherlands and Switzerland. The editors would like to thank an anonymous referee for useful comments on a first draft, and Hazel Lintott for producing the maps.
