Volume 5
PRACTICING PUBLIC DIPLOMACY
A Cold War Odyssey
Yale Richmond
An ADST-DACOR Diplomats and Diplomacy Book

"The volume is a useful guide for those who are currently or expecting to be practitioners of public diplomacy and Richmond's experience, particularly in Poland and the former Soviet Union, perhaps provide the answers to how the U.S. State Department and its diplomats should confront the problems of global terrorism and anti-Americanism, especially in the Middle East. Or, as someone suggested, what really is needed is more Yale Richmonds."  
The Polish Review
2008, 192 pages, 12 illus., bibliog., index

Volume 6
SEARCHING FOR A CULTURAL DIPLOMACY
Edited by Jessica C. E. Gienow-Hecht, University of Cologne and Mark C. Dunfried, Institute for Cultural Diplomacy

"Taken together, the essays serve to remind readers of the value of considering cultural diplomacy and especially of pushing the definition to include not merely the countries seeking to conduct foreign policy by engaging a foreign public through culture but also those non-governmental organizations, regions, cities, and actors of any kind pursuing similar ends."  
Journal of Cold War Studies
2013, 278 pages, bibliog., index

Volume 7
MUSIC AND INTERNATIONAL HISTORY IN THE TWENTIETH CENTURY
Edited by Jessica C. E. Gienow-Hecht, University of Cologne

"Jessica Gienow Hecht...has immersed herself in the study of classical music and examined its history in the modern international context. But the excellent contributions to this volume suggest that she is not alone."  
Alina Iftime, Harvard University
Bringing together scholars from the fields of musicology and international history, this book investigates the significance of music to foreign relations, and how it affected the interaction of nations since the late 19th century.
January 2015, 278 pages, 16 illus., 2 tables, bibliog., index
ISBN 978-1-78238-500-4 Hardback $95.00/€60.00 eISBN 978-0-78238-501-1

Volume 8
EMPIRE OF PICTURES
Global Media and the 1960s Remaking of American Foreign Policy
Sönke Kinkel, independent researcher

"I very much enjoyed reading this book—I found it compelling, original in approach, and steeped in fascinating historical detail...[it] places the symbolic and emotional power of images at the heart of a study into U.S. public diplomacy, but also internationalizes a visual history which takes the spotlight away from the more familiar American domestic media."
Katy Parry, University of Leeds
Examining how U.S. policymakers exploited the changes of the Cold War mounting diplomatic tensions and at the same time the global media revolution, this book offers groundbreaking international research which shows that U.S. power came to depend more and more not on military superiority or economic strength alone, but also on America’s ability to create appealing pictures that assured recognition of its global leadership.
November 2015, 264 pages, 15 illus., bibliog., index

In recent years, an increasing number of scholars in the United States and in Western Europe have introduced culture into the study of international relations. While some senior scholars have played significant roles, the bulk of the work has come from younger scholars who have brought insights from other disciplines to the study of international history. This series highlights some of the best research being done in this innovative and diverse field.

Explorations in Culture and International History

Series Editor:

VOLUME 1
CULTURE AND INTERNATIONAL HISTORY
Issues and Debates
Edited by Jessica C. E. Gienow-Hecht, University of Cologne and Frank Schumacher, University of Erfurt, Germany

“Advocates of a linkage between cultural studies and international history will find much to interest them in this book...The role of culture in international history has increasingly been accepted in the academic community as a crucial topic of study. A new generation of scholars, in a challenge to more traditional historians, has posted its theses at Wittenberg. Let the debate continue, and the reformation begin.”

Journal of Cold War Studies

“Overall, this is a skilfully constructed collection which fulfils the ambitions of the editors in offering an insightful introduction to this emergent field. (It is also particularly useful in mediating the work of continental, and notably German, scholars to the Anglophone world.) ‘Culturalist’ work in international history has rejuvenated the sub-discipline and has created new opportunities for productive interdisciplinary interchange.”

European History Quarterly

2004, 320 pages, biblio., index
ISBN 978-1-57181-382-1 Paperback $34.95/E22.00
ISBN 978-1-57181-382-4 Hardcover $120.00/E75.00 [2003]
eBook 978-1-78238-797-8

VOLUME 2
REMAKING FRANCE
Americanization, Public Diplomacy, and the Marshall Plan
Brian A. McKenzie, Kutztown University

“A useful, well-researched monograph...[that connects] the policy of Americanization that Marshall Planners overtly laid out in the late 1940s to its actual implementation as a form of cultural power. This is an aspect of the Marshall Plan experience that is often completely absent from the earlier cold-war focused scholarship.”

H-France

“An intriguing analysis of the postwar Marshall Plan as a form of public diplomacy to win the hearts and minds of the recalcitrant French... Rich and convincing evidence of the bureaucratic turf battles, the haggling between European recovery agencies, the naïve propaganda experiments...There is much to learn from this book about what happens when foreign policy distorts into a vision of American national culture as a transformative model for the rest of the world.”

American Historical Review

2007, 272 pages, biblio., index
ISBN 978-1-84545-415-9 Paperback $34.95/E22.00
ISBN 978-1-84545-154-7 Hardcover $120.00/E75.00 [2005]
eBook 978-0-85745-561-1

VOLUME 3
ANTI-AMERICANISM IN LATIN AMERICA AND THE CARIBBEAN
Edited by Alan McPherson, Howard University

“...an excellent collection...Like any good collection, the articles raise as many questions as they answer...[that] highlight the value of the collection for use in undergraduate courses on Latin American history, inter-American relations or U.S. foreign policy. Liberal use of appropriate political cartoons adds spice to the readings.”

Hispanic American Historical Review

“This volume addresses an important topic and does so very effectively. All of the essays take on a high level of quality. All the essays are well written and well researched. They also show a high level of methodological and conceptual sophistication. They effectively deal with uniformities and differences in manifestations of anti-Americanism from time to time and from place to place.”

Mark Gilderhus, Texas Christian University

2006, 316 pages, 15 ill., 4 tables, bibliog., index
ISBN 978-1-84545-149-9 Paperback $27.95/E16.50
ISBN 978-1-84545-141-7 Hardcover $120.00/E75.00 [2006]
eBook 978-0-85745-695-3

VOLUME 4
DECENTERING AMERICA
Edited by Jessica C. E. Gienow-Hecht, University of Cologne

“This volume deserves high marks for its creativity and crisp analysis of non-American-centric approaches to international relations.”

Journal of American History

This book addresses the attempt to decenter the United States in the history of culture and international relations both in times when the United States has been assumed to take center place. Rather than presenting more theoretical perspectives, this collection offers a variety of examples of how one can look at the role of culture in international history without assigning the central role to the United States. Topics include cultural violence, inverted Americanization, the role of NGOs, modernity and internationalism, and the culture of diplomacy. Each subsection includes two case studies dedicated to one particular approach which while not dealing with the same geographical topic or time frame illuminate a similar methodological interest. Collectively, these essays pragmatically demonstrate how the study of culture and international history can help us to rethink and reconceptualize US history today.

2007, 422 pages, 17 ill., bibliog., index
ISBN 978-1-84545-499-9 Paperback $34.95/E22.00
